

TIGERTON SCHOOL DISTRICT
Native Tree Arboretum Order Form

The Tigerton School Forest and Environmental Lab has a new addition: the Wisconsin Native Tree Arboretum. Thanks to grants from Central WI Electric Cooperative and Thrivent, along with hard work by students, staff, and volunteers, the arboretum has 18 newly planted specimen trees lining the drive into the school forest. The purpose of the arboretum is to provide an easily accessible opportunity for students and the public to observe, compare, and identify trees native to our area.

Support for the School Forest is always welcome. You can be part of the Wisconsin Native Tree Arboretum project by purchasing a metal plaque engraved in memory of, in honor of, or sponsored by an individual or group. The cost of each plaque is \$30. Each plaque will be attached to a rustic post next to the tree and will also include the species of tree.

Mail the completed Order Form and a \$30 check payable to *Tigerton School Forest* to:

Peggy Miller
W15200 Fairmorr Rd
Tigerton, WI 54486
(715) 535-2223
